REPORTING SUSPECTED CHILD ABUSE AND NEGLECT

5145
Procedure No.

August 8, 2017
Date

- I. **PURPOSE:** To notify all employees of Prince George’s County Public Schools (PGCPS) that it is **mandatory** that they make a direct report when they have reason to suspect:
 - A. A child has been physically or mentally abused;
 - B. A child has been sexually abused, whether physical injuries sustained or not; or
 - C. A child has been neglected as defined below.

II. **INFORMATION:**

Reporting Requirement

Maryland State Law mandates the direct reporting of suspected child physical and mental abuse, child sexual abuse or child neglect by teachers, counselors, psychologists, social workers, law enforcement officers and any other professional employee of a school. By adoption of Board Policy 0127 and this Procedure, PGCPS extends this reporting obligation to all employees, independent contractors and volunteers.

If an employee, contractor or volunteer has reason to believe that a child (or a vulnerable adult) has been abused or neglected by any parent, adoptive parent, other person who has permanent or temporary care or anyone who is responsible for the supervision of a child under the age of 18 years, he/she shall report directly and personally such observation or suspicion to the appropriate agency or designated person, following the procedures outlined below.

Immunity for Reporting

Formal investigation procedures - distinct from any personnel or labor relations procedures - are the responsibility of Child Protective Services or Adult Protective Services and law enforcement agencies to which the report is made. Maryland law provides immunity from civil liability or criminal penalty for any individual who reports suspected abuse or neglect in good faith, or who participates in any investigation or judicial proceeding resulting from the report. Where school personnel or volunteers are unsure whether abuse or neglect has taken place, this situation should be discussed immediately with the local Department of Social Services.

III. **DEFINITIONS:** The following definitions are applicable to the content of these procedures.

- A. Child: Any person under the age of 18 years.
- B. Abuse:
 - 1. Physical or mental injury of a child by any parent, or other person who has permanent or temporary care or custody or responsibility for supervision of a child, or by any household or family member, under circumstances that indicate that the child’s health or welfare is harmed or at substantial risk of being harmed; or
 - 2. Any sexual abuse of a child, whether or not physical injuries are sustained.
- C. Sexual Abuse: Any act that involves sexual molestation, exploitation or sex trafficking of a child. Sex trafficking is the recruitment, harboring, transportation, provision, or obtaining of a person for the purposes of a commercial sex act, where the person is under
