January 2024

Art Class with Ms.O

What We are Learning this Month:

During the month of January all students will be starting new art projects. 4th and 5th grade will be working on patterns and designs while creating zentangle animals. 2nd and 3rd grade will be creating collages by cutting, layering and gluing different papers and materials. 3rd grade will soon start their landscapes while 2nd grade will soon start on a still life drawing. 1st grade is going to start creating a paper weaving project, while kindergarten will be practicing drawing different shapes and using different materials to create a close up flower drawing. Lastly, prek is going to practice creating shapes and patterns by tracing as well they will be working on their coloring skills.

Ways families can support learning from home:

Families can help support learning from home by allowing students to practice drawing and coloring using materials available at home. Cardboard boxes can also be drawn on before being recycled if paper is not available.

PE with Mr. Stewart and Mr. West

What We Are Learning this Month:

Students will identify the meaning of nutrition, foods that are healthy for them to eat and foods that provide energy for physical activity.

Ways families can support learning from home:

Add healthy food at home for students to get a understanding of what healthy foods look like from a at home perspective.

Music Class with Mr. Mills and Ms. Eubanks

What We are Learning this Month:

Happy New Year from the music department!
For the beginning of the year, we will be exploring the world of instruments. Specifically instrument families-String, Woodwinds, Brass and Percussion.

Ways families can support learning from home:

Parents you can help out at home by listening to music and asking your children what are some instruments they are hearing. You can also ask them what their favorite instruments are.
